

Bugs

- Shows invalid phone number for a valid number:

The screenshot shows a 'Register' form with the following fields: First Name (sadas), Middle Name (asd), Last Name (asd), Phone (+61414532340), Email (a@s.com), Company Name (asd), Password (***), Confirm Password (***), and Company Logo. A red circle highlights the phone number field, and another red circle highlights the error message 'invalid phone number' above the phone number field. The form also includes a 'Submit' button and a link for 'Already have an Account? Login'.

- Could not test other elements due to “invalid phone number” error
- Invalid month name:

The screenshot shows a 'Register' form with the following fields: Select title (Mr.), First Name, Middle Name, Last Name, Gender, Phone, Email, Birth Date (20/04/2024), Number of Dependents, and TFN. A red circle highlights the month name 'avril 2024' in the birth date field. The form also includes a 'Next' button and a link for 'Already have an Account? Login'.

- Sometimes while filling form showed “Something went wrong” could not reproduce the bug for screenshot
